PROGRAMME OVERVIEW

Good leadership means good business. Professional communication, team building and conflict resolution are the key skills developed in this comprehensive **MBA in Leadership** programme. Whether you want to be a startup entrepreneur or a change-agent in an existing organization, this MBA specialization will help you to define your leadership style. You'll learn to set clear goals and objectives while effectively managing a team. This programme promotes leadership values that benefit both companies and their employees. The major theories to study include: trait theory, behavioral theory, contingency theory, and transformational leadership. Several intertwined topics include: power, motivation, and management style. Practical aspects of leadership to be covered are: stress, dealing with corporate culture, gender and race issues, etc.

LEARNING OUTCOMES

- To enable the advanced study of organizations, their management and the changing external context in which they operate.
- Equip individuals for and/or development of a career in business and management by developing skills at a professional or equivalent level to assume senior managerial and leadership positions in business.
- Development of the ability to apply knowledge and understanding of business and management to complex issues, both systematically and creatively, to improve business and management leadership and practice.
- Enhancement of lifelong learning and personal development so as to be able to work with self-direction and originality and to contribute to business and society at large.
